1. Title of the practice Empowerment of girls students.
2. Objective of the practice-
 - To empower girls students through financial assistance
 - To empower girl students through quality higher education.
 - In calculate the sense of self and confidence among girls students through extra curricular activities.
 - To nurture skills among female students that can make them employable.
 - To create campus girl students where they can focus on their higher education.
 - To create health and hygiene consciousness among female students.
3. The Context- the college is located in rural area where girls students have to face many social and families restrictions while pursue their higher education. The girls students are not fully aware about immense career other opportunities through which they can explore their self. The Shine is off girls students physically is an issue that needs to be addressed. The girls form socially and economically weaker sections find it more difficult to pursue higher education. Hence the college takes it is a priority to create conductive atmosphere for girls students.

□ TITLE OF THE BEST PRACTICE PRACTICE I :-
CHANDRABHAMA TREE PLANTATION

MY EARTH  MY DUTY

Every man needs the oxygen for their life and trees are the foremost source of oxygen as well as trees help to reduce the level of CO₂

As well as know that the whole world is facing the problem of global warming and to recover from such problems planting the trees has become one of the most important today's aspects.

THE NSS unit of Chandrababu mahavidyalay organised tree plantation program my duty under the national service scheme ,nNSS on Wednesday 18th June 2021 as well as in the college campus. It was attended by NSS coordinator college staff and 48 students of all i volunteers

Under the guidance of assist profess er

Damre v.B program coordinator in NSS orientals planted more than 100 trees the students also placed bricks as barricades and each student took the responsibility to Naresh maintainn allocated plants. Tree plantation

NSS report on tree plantation 2020 23 collaboration with botany department on 6th August 22 chandrabhama mahavidyalay college successfully completed the event of tree plantation under the service scheme of college campus. Please year for most source of producing the oxygen in environment help to reduce the level of CO₂ as well as all no that the whole world

The event was began honorable principal Dr Suryavanshi sir at the time he advice to volunteers to think differently for society to make a positive changes and to make a improvement. Aap to Rahane se so NTR song NSS song followed by felication of guest program officer orions the NSS volunteers by notifying the importance of NSS for them as well as society she shared his passed experience with volunteers that how he got success through NSS and what difficulties he faced while performing his role as program officer. He said that in society all the human beings are compromise equal importance no matter with main or women addresses the volunteers and past message of kindness and being helpful to the needy people trees planted by teachers and students

Always happy and experience proud after the tree plantation event was finished because it really feels great to do positive for the nature

A remarkable feature of the college is tree plantation and conservation.

The object of conducting the best practice tree plantation and conservation in college premises For beautification of campus,

For healthy atmosphere,

To create Oxygen Bar

To control noise and air pollution,

To increase biodiversity,

To make premises eco-friendly.

The Context:

The survival of human being depends mainly on the survival of trees and forest. Trees are helping us in immensely important ways. Trees plays significant role in maintain equilibrium of the environment, many ecological process. Besides trees have social, spiritual and medical significant work.

According to national forest policy forest cover should be 33 of the total land but in India it is nearly about 24. Tree plantation and conservation is the best solution to fight against the global warming. To achieve the goal, our institute initiated this activity from July 2018. Plants have important role in climate change. The deforestation contributes to global warming phenomenon through the rise in the level of CO₂. Tree plantation drive can help to reduce the concentration of this problem by removing CO₂ from the atmosphere. Trees reduce the heat through the evaporation cooling and reducing the amount of sunlight that reaches the Earth. We hope it might be helpful to solve the problem of global warming up to certain extent. Many efforts have been taken by Government of Maharashtra through social forest department, some NGO,s and all educational institutes through NSS NCC.

The practice:

We have selected one acre of barren land adjacent to the college campus. First we built fencing wall for protection and clean the area then under the guidance of principal, our college students dug 80 pits for tree plantation at certain distance of suitable size. We brought humus soil and manure from outside. The pits dug by students were filled by this humus soil and manure. During the last three years college has planted different varieties of plants species at different intervals in the campus with the help of staff and students (NCC and NSS). Present green campus is the outcome of our sincere efforts under the guidance of Principal. All staff members create environment awareness among the students in the campus to propagate green campaign successfully.

Evidences of success:

All the sapling trees were grown and survived successfully and attended average height of 6 feet's. The entire land of this area is covered by herbs, shrubs and bushes. Increased biodiversity was observed. Our students are taking efforts for survival of plants Mostly our non- teaching member Mr. Tarachand Chaure is taking more efforts by regular watering the plants and regular care vigilance of plants.

The green campus developed by college /Institute helps not only to save environment but also add beauty of campus, besides providing shade to our students and also used for scientific studies. College campus is enriched with varieties plant species. Eco campus strongly

□ TITLE OF THE BEST PRACTICE PRACTICE II:- CHANDRABHAMA WOMEN EMPOWERMENT CELL.

Goal:-

To empower women through education and strengthen them with social values and ethical sphere of life.

Identification of strong leadership qualities in them capacity.

To promote a culture of respect and equality for women.

The provision of opportunities and programmes for women to be financially, psychologically and emotionally empowered so as to promote their growth as individuals in their own right.

To make them aware of the guidelines of the supreme court and to ensure that sexual harassment is treated as an unacceptable social behavior within the institution and the society.

To conduct seminars, workshops to impart knowledge of opportunities and tools available.

To inculcate entrepreneurial attitude among young girls so that they will be "Job creators" rather than "Job Seekers".

Structure:-

The cell is headed by a President, Secretary and Treasurer from the ladies staff. Girl students are

its members. The Principal and senior faculty assist and guide the activities of the cell.

The Practice

The institution has organized and conducted various programmes under this cell with true spirit and dedication.

As for as the constraints are concerned, it is found that due to semester system and academic pressure, the organizers find it difficult to give practical exposure to the girls on field survey, to collect

data. Added to this a large no of girls commute from surrounding villages, this will

discourage to conduct
programmes after college hours.

Evidence of Success:-

Video clippings, photos, media reports and annual reports in college magazines are the documentary evidence maintained by the cell.

The institution has identified major changes in the attitude of girl students on various parameters. Overcome of shyness, more participation in class wise seminars and extra – curricular

activities, Positive attitude, free interaction with teachers and other students.

In the recent campus selection by the TheGellagar, , Exchanging , number of girls participated

and selected was more than the number of boys.

Problems encountered and Resources required:-

Though the organizers and girl participants are keen to invite professional and expert trainees and speakers from outside, the cell is unable to host programmes due to lack of financial resources.

Notes:-

After the establishment of this cell since the past few years we have seen many positive changes in the behavioral pattern of girl student. Hence we strongly recommend the introduction of this practice in every co-education and girl's college.

AWARENESS PROGRAMME ON HEALTH AND HYGIENE FOR GIRL STUDENTS

Objectives:

- To educate the students the various nuances of health and hygiene
- To raise awareness on the nutritional needs and maintain better health
- To support girls and bring awareness on menstrual and gender related issues

As most of the girl students are hailing from rural background they are vulnerable to various problems such as personal health & hygiene, adolescence related problems, problems with relationships, sexuality and addictions. As a response to meet their needs the counseling centre organizes orientation programmes on Health, Hygiene and Sexuality. Usually the girls from Shift I and Shift II attend a common programme organized by the counseling centre. For such gatherings the girl students welfare committee members are invited and some of the members share their experiences and give the students some tips on health & hygiene. The girls are highly encouraged to interact with the resource persons.

The girls are also informed about the counseling facilities available in the college.
